VisionCorps Announces Chester County Location

Partnership with Greater West Chester Chamber of Commerce creates added value for clients and growth opportunities

Lancaster, Pa., April 23, 2018 – VisionCorps recently announced that it has entered into a partnership with the Greater West Chester Chamber of Commerce to occupy a Chester County location, in better service of its clients.

The office space is centrally located in Downtown West Chester and is part of the Greater West Chester Chamber of Commerce building, based in the office hub occupied by several member businesses. The strategic location of the new space will enhance the organization's ability to provide services offered to people who are blind and vision impaired in Chester County.

"I am quite proud to welcome VisionCorps to Chester County and specifically to our offices in downtown West Chester. It is our goal to assist them with their mission to better serve the Chester County residents who are blind or vision impaired. I am extremely impressed with their commitment to our community and excited to share in their dedication to making a difference for the residents of Pennsylvania who suffer from vision loss," said Mark Yoder, President and CEO of the Greater West Chester Chamber of Commerce.

Since 1926, VisionCorps has been empowering Pennsylvania residents with vision loss to attain independence through employment opportunities and rehabilitation services. VisionCorps' offering of rehabilitation services includes but is not limited to; Orientation & Mobility, Case Management, Occupational Therapy, Low Vision Therapy, Access Technology Instruction, Preventative Vision Screenings, and Youth Services Programming.

“The location was chosen to help VisionCorps better serve the needs of Chester County residents who are blind or vision impaired and reflects our investment in this vibrant community. We are excited to continue establishing deeper roots in the area and look forward to serving Chester County for years to come,” expressed Dennis Steiner, President and CEO, VisionCorps.
